

## Exciting News: Fischer International Finalizes Agreement with Triangle Systems for IOF Products

All IOF Clients,

We are thrilled to announce a significant development at Fischer International Systems Corporation. As of November 1, 2023, Fischer International has entered into an agreement with our longstanding partner, Triangle Systems, Inc., to take control of IOF products, development, and support.

Our collaboration with Triangle Systems dates back to 1983, and this partnership has been instrumental in delivering cutting-edge solutions and support to our valued clients. With this new agreement, we are embarking on a journey to continue and enhance the legacy of IOF products.

During the transition period, the talented team at Triangle Systems will play a crucial role in ensuring the continuity of support and maintenance for IOF. Their expertise and dedication will help us provide uninterrupted service to all clients.

Fischer International is genuinely excited about this new chapter in the life of IOF. We are committed to not only maintaining the high standards you've come to expect, but also improving and expanding our offerings to better meet your needs. Rest assured that our team is fully devoted to supporting you and your organization.

We look forward to serving you with the same passion, commitment, and innovation that have defined our partnership with Triangle Systems over the years.

Thank you for your trust and continued support. Please do not hesitate to reach out to us with any questions or concerns during this transition.
